Subject: WY RH emails

Sara and Steve,

Following up on our meeting yesterday, I have a request – if you need action on my part, please send me an email asking me explicitly. I'm receiving over 20 WY RH emails a day, and I can't always keep up with the details of those emails, along with the dozens of other emails I get every day on all the other work in the office. So, if you need me to do something, please ask explicitly, and I'll be happy to do it. I just don't want to miss something that you need, and I need your direction to make sure that I understand what you need.

Also, did Carl's voicemail (that I forwarded yesterday) get you what you need? Anything else that'd be helpful for today?
